

Operation and Algebraic Thinking

Topic 8

Standard	Test	Retake	Retake
5.OA.A.1 I am able to evaluate expressions using order of operation.	/	/	/
5.OA.A.2 I am able to translate the algebraic expressions into words.	/	/	/
5.OA.A.3 I am able to find the missing rule of a table and find the relationship between the input and output.	/	/	/
5.NBT.B.7 I am able to solve two step real world problems.	/	/	/

Topic 9

Standard	Test	Retake	Retake
5.NF.A.1 I am able to add fractions without like denominators	/	/	/
5.NF.A.1 I am able to subtract fractions without like denominators	/	/	/
5.NF.A.2 I am able to solve real world problems that involve adding and subtracting fractions.	/	/	/
5.NF.A.2 I am able to model adding fractions by showing the relationship between the two.	/	/	/
